Dear reader,

My name is Immanuel Claerhout, and I'm a second-year independent game development student at Digital Arts & Entertainment in Kortrijk. As an aspiring game developer with a strong creative mindset, I thrive on transforming innovative ideas into engaging interactive experiences. My education has equipped me with both technical skills and a deep understanding of game design principles.

I'm particularly passionate about the collaborative nature of game development and enjoy working with teams to bring creative visions to life. My hands-on experience with various game development projects during my studies has strengthened my problem-solving abilities and attention to detail.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and enthusiasm could contribute to your team.

Best regards,

Immanuel Claerhout
